Evidences of Alapayevsk tragedy (1918) in Krasnoyarsk local lore museum funds

Annotation

The abdication Nicholas II didn't rescued Russia from the revolution and Civil war, and his family from death. Almost in half a year 18 representatives of Romanov dynasty were killed or shoot. Six of them were killed in Alapayevsk. Krasnoyarsk museum funds keep the evidences of this tragedy - copies of protocols and reports on the investigation procedure addressed to the Commander of the Reserve battalion of the Siberian provisional government Colonel Smolin.
