The military muster rolls “desyatni” in 17th century as a historical source. Features of drawing up and scientific use

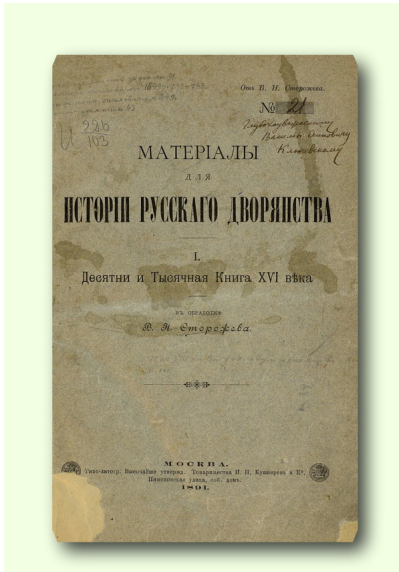

Annotation

The article is about the procedure of composition of military muster rolls “desyatni” in Russia in 17th century. The main conclusion is that the composition of “desyatni” was a complicated and many-stage process. The first and important step in this process was the collection of “skazki” the inquests of the provincial gentry.

The military muster rolls “desyatni” in 17th century as a historical source. Features of drawing up and sci
